

MRA DAV PUBLIC SCHOOL

DAV/PS/SLN/Parents/2017

Date: 29.09.2017

Dear Parents

At MRA DAV, the safety and security of our children is our prime concern. Keeping that in view, we request the parents to opt for school transport instead of private vans.

Advisory for parents

- i) Parents must ensure that the mode of transport arranged by themselves viz. private vans, auto rickshaws etc. are absolutely safe for children.
- ii) Parents must avoid using transport services from vehicles not having valid license or permit to carry the school children.
- iii) Parents should check the antecedents of driver and conductor. The police verification of driver and conductor may be done at their end and submitted to the school.
- iv) A parent should accompany the driver and conductor in such vehicles daily so that the safety of their wards is ensured. They can share this duty among themselves as per their convenience.
- v) In case, someone other than the assigned person comes to pick up the child, an authority letter signed by the parent is to be produced.
- vi) We also request parents to voluntary their services for the school transport. Interested parents may please contact school office.
Looking forward to your cooperation and support.

Principal
